Alt Attributes for Images:

- **Image 1:** A group of engineers working on a robotic arm, illustrating the complex dynamics of rigid-flexible robots and multibody systems.
- **Image 2:** A detailed diagram of a multibody system, showcasing the interconnected components and complex interactions.
- **Image 3:** A graph depicting the dynamic response of a rigid-flexible robot, highlighting the effects of flexibility and vibration.
- **Image 4:** A control system block diagram for a rigid-flexible robot, demonstrating the integration of sensors, controllers, and actuators.
- **Image 5:** A futuristic cityscape with autonomous vehicles and robotic structures, representing the potential applications of intelligent systems in rigid-flexible robots and multibody systems.
