In her latest book, *Resisting Trump Shock Politics and Winning the World We Need*, acclaimed journalist and activist Naomi Klein argues that the rise of Trump and other far-right leaders is a symptom of a deeper crisis in our political and economic system.

Klein traces the roots of this crisis to the 1970s, when a neoliberal economic model was imposed on the world, leading to growing inequality, stagnant wages, and the erosion of social programs. This model, Klein argues, has created a sense of insecurity and alienation among many people, who are increasingly turning to authoritarian leaders who promise to restore Free Download and stability.

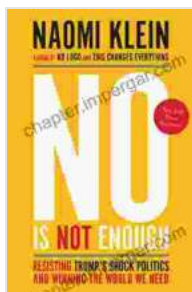

Klein argues that we need to resist Trump's shock politics by building a mass movement for social and economic justice. This movement must be based on the principles of solidarity, equality, and democracy. It must also be international in scope, as the challenges we face are global in nature.

Klein's book is a call to action. She argues that we cannot afford to wait for someone else to save us. We must take matters into our own hands and build the world we need.

Resisting Trump Shock Politics and Winning the World We Need is a powerful and inspiring book. It is a must-read for anyone who is concerned about the future of our democracy.

About the Author

Naomi Klein is an award-winning journalist, author, and activist. She is a senior correspondent for *The Intercept* and a contributing editor for *The Nation*. Klein is the author of several books, including *The Shock Doctrine: The Rise of Disaster Capitalism* (2007) and *This Changes Everything: Capitalism vs. the Climate* (2014).
