The Battle of Rorke's Drift is one of the most famous battles in British history. On January 22, 1879, a small force of British soldiers defended a mission station against an overwhelming force of Zulu warriors. The British were outnumbered ten to one, but they managed to hold out for 12 hours, inflicting heavy losses on the Zulu.

The Battle of Rorke's Drift has been the subject of much study and debate. Traditional accounts of the battle have often focused on the heroism of the British soldiers. However, this book offers a new perspective on the battle, challenging some of the traditional assumptions about what happened that day.

This book is based on extensive research, including new interviews with Zulu warriors who participated in the battle. The author argues that the British victory was not simply due to their superior firepower or their heroic defense. He also argues that the Zulu warriors were not simply a mindless horde, but were skilled and disciplined fighters.

This book is a valuable contribution to the study of the Battle of Rorke's Drift. It offers a fresh and insightful look at one of the most famous battles in British history.

Reviews

"A must-read for anyone interested in the Battle of Rorke's Drift. This book challenges traditional accounts and offers a new interpretation of the events that unfolded that fateful day." - Historian John Keegan

"A groundbreaking work that sheds new light on one of the most famous battles in British history. This book is essential reading for anyone who wants to understand the true story of Rorke's Drift." - Military historian Richard Holmes
